

LOS ANGELES COUNTY
METROPOLITAN TRANSPORTATION AUTHORITY

Photo Enforcement Services

Annual Report

December 2018

Prepared by: Conduent State and Local Solutions
Confidential

Definitions

Event: Using a photo enforcement system, an “event” is the photo and video capture of license plate and face of motorists who violate traffic signals. Not all “Events” end up being a Violation. For example, if the auto breached the limit line of the leading edge of the crosswalk and does not follow-through with the move (the auto stops), the camera will take only 1 photo (an event), that will be dismissed as a non-violation. Camera Test Shots performed by Field Service Technicians are also considered an “event” since the camera and flash activated. An “Event” is made up by both violations and non-violations.

Violation: Following MTA Red Light Photo Enforcement Business Rules, a “violation” occurs when the entire vehicle is behind the stop bar (or in the absence of stop bar use the leading edge of the crosswalk) in the first photo and then in the second photo, the rear tire must be on or in front of the trailing crosswalk line or stop bar (in the absence of a crosswalk). If the business rules are not valid for an event, it will be categorized a non-violation.

Citation: A police “citation” is official documentation stating that an individual has been made aware of a violation by an officer of the law. The citation must contain: registered owner name and address, license plate of vehicle, date, time, and location of offense, date, time and location of court appearance, date of birth, Driver’s license number, and date of issue.
