COMPENSATION & PRICING

Commencing on the expiration of the Warning Period for each Designated Intersection Approach, Customer shall be obligated to pay Redflex a fixed fee of \$ 6,000.00 per month for each Designated Intersection Approach ("Fixed Fee") as full remuneration for performing all of the services contemplated in this Agreement.

The Customer agrees to pay Redflex within thirty (30) days after the invoice is received. Customer shall be obligated to pay the cumulative balance invoiced by Redflex, in accordance with terms set forth above, to the extent of gross cash received by the Customer from automated red light violations. In the event that a balance remains unpaid due to a deficit in gross cash received by the Customer compared to invoiced amounts, Customer will provide to Redflex, with each monthly payment, an accounting of such gross receipts supporting the amount withheld. Said balance, if any, will carry-over, interest free, month to month, until paid or the contract terminates, at such time any carryover balance will be waived if not satisfied by citations already issued and paid over the course of the subsequent 12 month period.

Standard Interval Price Adjustment

Should, at any point in the term of the agreement or any renewals thereof, a court of final determination in the State of California and/or the California Legislature determine that the pricing structure defined above be invalid, the following compensation and pricing shall be applied in all instances:

Customer and Redflex agree that Customer shall be charged a fixed fee per approach equal to the average sum generated by said approach, but in no event to be less than \$5,000.00 or greater than \$7,000.00 per approach per month. Further, within 30 days thereafter, Redflex and City agree to meet and negotiate in good faith a fixed price per approach. Thereafter, the fixed price will be revisited at six (6) months, then at yearly intervals under the terms of the contract. Any such adjustment (if applicable) shall be limited to either a maximum of 20% more or less than the initial fixed fee as calculated above (or in prior pricing intervals if applicable) and on a commercially reasonable basis as agreed between the parties. Should the parties, in good faith, not be able to agree upon pricing terms within the parameters outlined above, the agreement shall continue for an additional six (6) month period at the current fixed monthly fee level.

Should at any time the fee generated by the approaches not be sufficient to satisfy the fixed fee of said approaches, the balance will be carried over, interest free, to the following month until satisfied. Should a balance exist at the termination of the contract, City has an additional eighteen (18) months to satisfy the unpaid balance.

BUSINESS ASSUMPTIONS FOR ALL PRICING OPTIONS:

1. Redflex construction will be able to utilize existing conduit for installation where space is available. If it is determined that new conduit must be installed the cost of the installation of the same shall be borne by Redflex.
2. The pricing will remain fixed for three (3) years. Each year thereafter, on the anniversary date of the contract, the pricing will increase by the CPI. CPI will be derived from the publication of the U.S. Department of Labor Consumer Price Index for U.S. City average.
3. Except where a balance remains unpaid due to a deficit in the gross cash received as described herein, Customer agrees to pay Redflex within thirty (30) days after the invoice is received. A monthly late fee of 1.5% is payable for amounts remaining unpaid 60 days from date of invoice.
4. The provision of all necessary communication, broadband and telephone services to the Designated Intersection Approaches will be the sole responsibility of Redflex.
5. The on-going provision of any and all necessary electrical power to the Designated Intersection Approaches will be the sole responsibility of the Customer.
6. Required Credit Card fees will not be considered to be revenue received and are the responsibility of the violator.
7. Roadway/Intersection improvement projects: Customer shall reimburse Redflex the costs of replacing and or modification of operational system approaches.
8. If a system is deactivated at the Customer's request due to roadway construction, the monthly fee will continue.
9. **EQUITABLE COST RECOVERY by REDFLEX UPON TERMINATION WITHOUT CAUSE by the CITY.** In the event the City exercises its right to terminate this Agreement under Section 6.2, Redflex shall be entitled to a cancellation fee for each installed approach which reflects reimbursement of the direct labor costs and direct material costs (not including Equipment costs and salvageable material costs) solely associated with the installation of the Redflex Photo Red Light System at all Intersection Approaches where such system(s) have been installed prior to the effective date of Termination (the "Reimbursable Costs"). Redflex shall provide an itemization of the Reimbursable Costs, with supporting invoices and labor expense documentation, to the City within thirty (30) days of the completion of installation of the Redflex Photo Red Light System at each designated Intersection Approach. Said Reimbursable Costs are currently estimated to equal approximately \$50,000 to \$80,000 per Intersection Approach but, in no event, shall said amount exceed \$80,000 per Intersection Approach. For the purpose of this section, the cancellation fee shall be derived in accordance with the following formula:

The cancellation fee shall be derived in accordance with the following formula:

X = the number of months remaining in the Agreement

Y = the number of months of the Agreement

X/Y = the percentage of remaining Agreement

Z = the Reimbursable Costs per Installed Approach (not to exceed \$80,000)

$(X/Y)*Z$ = amount to be paid as cancellation fee

For example, if the Agreement ends on the last day of the 24th month and the Installed Approach was installed in month 12, the cancellation fee would be:

X = 36 (60 months – 24 months transpired under the Agreement).

Y = 60 (number of months of the Agreement).

Z = \$60,000 (value of reimbursable costs)

$X/Y * Z = (36/60 * \$60,000)$

Calculation of Fee = \$36,000
